

# **Institutional Snapshot**

## **Doña Ana Community College**

### **2007-08 HLC Self Study**

#### **Mission Statement**

DACC is a responsive and accessible learning-centered community college that provides educational opportunities to a diverse community of learners in support of workforce and economic development.

#### **History**

In 1965, Doña Ana County was designated by the New Mexico Department of Education as an appropriate site in southern New Mexico for an area vocational-technical school. In 1971, the boards of education of Gadsden, Hatch, and Las Cruces school districts requested that New Mexico State University establish a branch community college located on its campus in Las Cruces to offer post-secondary vocational-technical education in Doña Ana County. The NMSU Board of Regents approved the request in 1972, and the voters in Doña Ana County approved an operational mill levy in May 1973. The institution became an official entity on July 1, 1973. It began offering vocational training programs on September 4, 1973, as the Doña Ana County Occupational Education Branch of New Mexico State University.

On November 1, 1972, the Boards of Education as a combined board, adopted a resolution for a mill levy to fund the community college under the Branch Community College Act. The Boards of Education of the Gadsden, Hatch, and Las Cruces School Districts jointly authorized an election for a local property tax levy equal to \$400 per full-time-equivalent student. With the approval of this tax by the voters of Doña Ana County in 1973, the institution became an official entity and began training programs using space on the NMSU campus, at Mayfield High School, Gadsden High School, and Hatch High School. In May 1987, a mill levy election as required by state legislation increased the Doña Ana County property tax levy to 1 mill for support of the now called Doña Ana Branch Community College (DABCC). In 2006, DABCC's name officially changed to Doña Ana Community College (DACC).

The main building of DACC was constructed in 1977 on the southwest edge of the NMSU campus. The central campus of DACC is located on 15 acres adjacent to NMSU. In 1995, the General Classroom Building and the Learning Resource Building were erected on the central campus and in 1996 the Health and Public Services Building was opened. There were additions added to the Health Building and Technical Studies Building in 2000. In addition, DACC satellite locations are located at Sunland Park, the Sunland Park Education Center, and at Anthony, the Gadsden Education Center (a new location completed in 2000). The White Sands Education Center is located at Whites Sands Missile Range. The East Mesa Education Center began offering classes Fall 2003. DACC offers college courses in high schools in Doña Ana County. Adult Learning Centers of DACC are located in Anthony, Sunland Park, and Hatch, as well as in the Quintana Learning Center on the central campus in Las Cruces.

<b>Administration</b>	
Chancellor	Michael Martin
Provost	Waded Cruzado-Salas
President	Margie Huerta
Campus Academic Officer	Anna Chieffo
Campus Academic Associate Officer	John Walker (interim)
Campus Student Services Officer	Ike Ledesma
Campus Financial Officer	Andrew Burke
Campus Institutional Effectiveness and Planning Officer	Fred Lillibridge
Business and Information Systems Division Dean	Lydia Bagwell (interim)
General Studies Division Dean	Carmen Aguilera-Goerner
Health and Public Service Division Dean	David R. Pearce
Technical and Industrial Studies Division Dean	Jerry Welch

B. Indicate the headcount of faculty in the full-time and part-time categories according to each of the following breakdowns.

Race/Ethnicity	Total men	Total women
Nonresident Alien	4	0
Black, non-Hispanic	0	1
American Indian/Alaska Native	0	0
Asian/Pacific Islander	3	2
Hispanic	16	10
White, non-Hispanic	19	33
Race/ethnicity unknown	9	3
<b>Total</b>	<b>51</b>	<b>49</b>

## 6. Availability of Instructional Resources and Information Technology

A. The Technology Resource Center (TRC) is a small computer lab dedicated to faculty, full- and part-time, for training and as-needed computer use. It provides:

- educational technology training sessions and workshops
- training sessions in new or alternative teaching techniques
- computer access to faculty outside of the classroom (computers in the Technology Resource Center and laptops through the library)

- WebCT training and WebCT tutorial website (<http://dabcc-ww.nmsu.edu/info/webcthelp/>) for support
- skill-building workshops (WebCT, GroupWise, Frontpage, etc.)
- access to an ITV system employed to provide training sessions
- access to wireless flex-lab for periodic training and instruction
- ongoing support for instructional media development
- support for student survey of instruction for all online courses
- support for Centra Symposium

The TRC has

- eight desktop computers, a stand-alone scanner, two-specialized workstations equipped with digital video editing hardware/DVD mastering and digital graphics applications for faculty use
- a scanner, printers and workspaces available for classroom preparation
- a meeting space for part-time faculty to hold office hours for students
- a wireless flex-lab, consisting of 18 laptops, computer vault and wireless access point for training and classroom use

It also provides access to Interactive Television Network.

#### Faculty Development Seat Count

Number of Seats	Activity
499 faculty	training in educational technology
624 faculty	training in new or alternative teaching techniques
335 faculty	development of new teaching techniques
617 faculty	participation in developmental activities (seminars, workshops, etc)

- B. The Student Success Center provides tutorial services to DACC students free of charge. Resources include computers and study guides, and computer-animated math reviews, developed by one of the tutors, on the center's computers, allowing the option of working independently.

<i>Academic Year: 2006-07</i>	
Total visits for EMC	168
Total visits for GDC	1,199
Total visits for LCC	6,991
Total visits for SPC*	446
Total visits for all centers	8,804

<i>Academic Year: 2005-06</i>	
Total visits for EMC	98
Total visits for GDC	194
Total visits for LCC	8,124
Total visits for all centers	8,416

\*NOTE: SPC visits were included with LCC in AY 2005-06.

- C. The Adult Basic Education (ABE) program offers adults the opportunity to begin and/or complete a basic education through the twelfth grade, along with a variety of educational programs that help students achieve other goals. There are no charges or fees for ABE classes, services or textbooks and programs include basic literacy, English as a second language (ESL), GED, U.S. citizenship, computer literacy, practical living skills and

work readiness. There are four ABE learning centers located in the county: Las Cruces: Las Cruces Central Campus, Quintana Learning Center; Anthony area: Gadsden Educational Center; Chaparral: Chaparral Adult Learning Center; Sunland Park: Sunland Park Educational Center.

- D. The Library and Learning Technology Division fosters lifelong learning by providing a supportive environment in which innovative ideas and leading-edge technologies flourish. With an emphasis on Web-based learning resources that are accessible without limits of time or place, this division offers a rich collection of materials in multiple formats that support DACC's mission as a student-centered learning college.
- E. Community and Workforce Development Programs are designed to provide services ranging from addressing the start-up needs of a small business to the larger training needs of an established growing business. DACC's Customized Training and Workforce Development, Small Business Development Center (SBDC), and the Truck Driving Academy currently occupy the Workforce Development Center facility.
- F. DACC established the Mesquite Neighborhood Learning Center located in the heart of Las Cruces in 2000. The center brings education to those who otherwise might not have access to it, and focuses on providing low-income students with the knowledge necessary to obtain a higher education, while developing work-related skills. GED and ESL classes are offered on site through the ABE Division.
- G. Each of the five DACC locations at which academic courses are offered houses computer classrooms and open computer labs for student use. DACC Computer Support maintains all computers except those at the White Sands Education Center. The number of computers available for student use totaled 871 at the beginning of the 2007-2008 academic year.

The following career programs have their own specialized technology labs:

- Automotive Technology
- Building Construction Technology
- Computer & Information Technology
- Diagnostic Medical Sonography
- Dental Assistant
- Emergency Medical Services
- Automation & Manufacturing Technology
- Drafting and Design Technologies
- Electronics Technology
- Heating, Ventilation, Air Conditioning & Refrigeration
- Nursing
- Radiologic Technology
- Respiratory Care
- Water Technology
- Welding Technology
